The council asked clarifying questions and anyone wishing to give feedback was given 3 minutes to speak to the topic. A motion was made to table the proposal until more feedback could be addressed. The motion passed.

Discussed need for crossing guard at Park Hollow/Swensen Farm Parks, painted crosswalks on all for crossings (east, west, north and south), a stoplight at 11800 South and Park Haven Lane, and updating SNAP plan. We also need to continue educating students about Safe Walking Routes so students are following the SNAP plan.
