Approved the plan.
3. Shared Internet Safety at Midas Creek. Discussed SCC Plan as required by sharing the JSD Digital Citizenship plan. The council asked the following to be clarified and implemented:
 - a. Send email account ID and passwords used for Chromebooks
 - b. Ask district to include this information in Skyward for easier access
 - c. Ask district if the email could have a unique ending like the employee emails.
 - d. Find out if these student email accounts could be used by students to open social media accounts. Make sure parents are aware if this is possible.
4. Discussed and approved 20 degrees cut off (this is wind chill/feels like temperature) for Inside Recess/Day. If below this temperature, kids would be kept inside. Parents can request kids stay inside if needed. School will accommodate these requests. Rain and snow also keep kids inside.
